Important Security Notice

Parkway's Wiring Instructions Are Changing!

Parkway Law Group is moving to Ameris Bank and will begin using new wire instructions for upcoming transactions. This transition is part of our ongoing commitment to improving security and protecting client funds.

The **Ameris** account will apply to all new files received on or after **February 23, 2026**.

If your transaction was opened prior to February 23, 2026, your existing **First Citizens Bank** wiring instructions remain in effect unless you are notified otherwise through ClosingLock.

Because real estate wire fraud is common, please read carefully:
Our wire instructions are changing due to this bank transition.

Parkway does not send wiring instructions or wiring changes via email.

Wire instructions will be provided securely through ClosingLock, which is our preferred method for delivery.

To help ensure funds are sent to the correct account, clients are encouraged to verify wiring instructions by contacting our office using a known, trusted phone number.

Failure to verify wiring instructions may result in funds being misdirected and may not be recoverable.

If you are unsure which wiring instructions apply to your transaction, please contact our office.
